CARE PREGNANCY CLINIC

Care Pregnancy Clinic invites you to help expectant mothers and their babies through your participation in the 34th Annual CPC Golf Classic. Your team play or sponsorship will directly impact families in our community, and your business will be promoted throughout our network of print and social media. Your participation will help protect the lives of tiny little baby boys and girls and champion parenting and the family unit in our community!

The Care Pregnancy Clinic provides FREE medical services such as pregnancy testing, ultrasounds, physician verification of pregnancy and early pre-natal care. This helps lower infant mortality rates and healthcare costs. The Counseling Center provides counseling, childbirth classes, and support items such as diapers, formula, car seats and baby clothing to area women who find themselves in troubling circumstances.

To support babies and families in our community, simply provide the information requested and return to Care Pregnancy Clinic or visit us online at www.partnerwithcare.org

Thank you for your generous support!

Saving Lives with You,

Dorothy Wallis
